

AristoPay Complete Workflows & Specifications

This document outlines the detailed transaction, proposal, and escrow workflows on the AristoPay platform for both Clients and Service Providers (SP).

1. Client to SP Proposal Workflow (Proposal Flow)

This is the standard proposal flow initiated by a Client looking to hire a Service Provider.

Process Chain

Client Mode (Proposal Sending)

- ↳ Transact (New Transaction)
- ↳ Search SP
- ↳ Select SP
- ↳ Select Services
- ↳ Proposal Details (Title, Description, Budget & Payment Method)
- ↳ Final Remarks (Start/End Date & Terms)
- ↳ Ready (Review & Escrow Fee Breakdown)
- ↳ Submit (Send Proposal to SP)

SP Mode (Proposal Acceptance & Contract)

- ↳ SP Receives Proposal
- ↳ Accept Proposal
- ↳ Upload DocuSign Contract (Premium Only)

Signing & Escrow Payment Phase

- ↳ Client & SP Sign Contract (Premium Only)
- ↳ Client Pays via Trustap Checkout
- ↳ Funds Held in Escrow

Execution & Delivery

- ↳ SP Completes Work
- ↳ Client Confirms Delivery
- ↳ Escrow Funds Released
- ↳ Trustap Pays SP (Minus Fees)

Note

Budget Minimums for Proposals:

- **Bank/Wire Transfer:** \$300 minimum budget requirement.
- **Credit Card:** \$150 minimum budget requirement.

2. SP to Client Direct Transaction Workflow (Direct Deal / Invoice Flow)

This flow is initiated directly by a Service Provider to send a direct deal or invoice to a Client.

Process Chain

SP Mode (Direct Deal / Invoice Creation)

- ↳ Transact (New Transaction)
- ↳ Select Client (from Contacts)
- ↳ Amount (Enter Deal Amount)
- ↳ Select Payment Method
- ↳ Contract Upload & DocuSign Option (Premium Only)
- ↳ Invoice Details (Title, Dates, Tax)
- ↳ Final Details (Notes & Terms)
- ↳ Ready (Review & Confirm)
- ↳ Submit (Create Transaction)

Client Dashboard Side (Invoice Payment)

- ↳ Client Receives Deal/Invoice
- ↳ Client & SP Sign Contract (If DocuSign was selected - Premium Only)
- ↳ Client Pays Invoice via Trustap
- ↳ Funds Held in Escrow

Execution & Payout

- ↳ SP Completes Work
- ↳ Client Releases Funds
- ↳ Trustap Pays SP (Minus Fees)

Key Differences Between Flows

Feature	1. Client to SP (Proposal Flow)	2. SP to Client (Direct Deal Flow)
Initiator	Client	Service Provider (SP)
Primary Focus	Hiring and proposing project scope	Invoicing and direct billing

Feature	1. Client to SP (Proposal Flow)	2. SP to Client (Direct Deal Flow)
Contract Upload	SP uploads <i>after</i> accepting proposal	SP uploads <i>during</i> invoice creation
Workflow Step	Multi-phase acceptance and negotiation	Fast, direct checkouts and payments

Important

Premium Features & Restrictions:

1. **DocuSign Contract Upload & Signing:** Uploading, signing, and storing contracts via DocuSign is strictly restricted to **Premium (Subscriber) accounts** for both Service Providers and Clients.
2. **External Link Interceptor:** Sending links in direct messaging displays an informational alert () warning users about off-platform transaction risks.
